### About Us

Based out of Sultan, Washington, our 3 pet therapy animals strive to enhance the well-being for those in need through the healing effects of the human-animal bond. Our animals include 3 miniature horses.

### What We Do

We provide services at acute, subacute and extended care health care facilities and 911 call centers in the greater Seattle area.

### What is Pet Therapy?

Pet therapy is a growing field that uses dogs, cats, horses and other animals to help people recover from or better cope with current life stressors and health issues resulting from heart disease, stroke, cancer, major trauma, mental health disorders and other conditions.
